

Where do your nickels go?

Celebrating 40 years of Service to Marin County

The mission of The Marin Center for Independent Living (MCIL) is to support Marin's older adults and people with all types of disabilities to continue living independently, in their homes, safely and with dignity. With our amazing wrap around safety net services, MCIL does not turn anyone away.

Like United Markets, who has been serving our wonderful community with fine fresh foods since 1955, MCIL has been serving Marin since 1979 – good longevity.

I would like to share a story with you: Last year, Lily and Ara had a terrible car accident. When their car was T-Boned, both found themselves in the hospital. They reached out to MCIL for services and support. Through our Emergency Transition Fund, MCIL was able to safely transition both of them home where they could heal comfortably and safely with wonderful MCIL caregivers to assist them with activities of daily living. Recently Lily took a fall and again MCIL stepped in with caregiving support.

Lily and Ara love MCIL and they love United Markets. Lily is an original United Markets check card holder from February 23, 1956 and she and her husband, Ara, continue to shop at United Markets and when she writes her check she always includes her United Check Card ID Number!

With the generous support of your “nickels”, MCIL can continue to offer priceless programs for our older adults and people facing disabling conditions.

Our volunteers and benefactors are critical to MCIL's sustainability. The MCIL Auxiliary Board (AKA The Angels) hosts an annual gala. **Angels by the Bay.** Please join us on October 5, 2019 at Meadow Club to help raise the much needed funds to meet Marin County's demand for MCIL services.
