From our family to yours A TASTE OF SPAIN IN MARIN

We are Three Sisters Artisanal Meats, makers of traditional, Spanish-style fresh chorizo links and ground chorizo. Our products are handmade locally in Richmond using only all-natural, sustainably-raised pork shoulder and a multi-generational recipe for Castilian chorizo. We use one of the most authentic chorizo recipes in California, one that has been in our family for well over 150 years. Our craftsmanship, taste and versatility make it a very unique product that can be used at any meal and served with a variety of dishes. Most importantly, our chorizo has a taste and texture unlike any other currently available.

United Markets has been an incredibly valuable partner in our development and growth as an artisanal meats company. United has enthusiastically promoted our demos and has featured us several times in their social media campaigns. Moreover, both the staff and the customers have been great supporters of our chorizos – every demo has been met with a very positive reception and United's continued support will ensure that we have a sustained presence in the greater Marin marketplace.

We have genuinely enjoyed working with everyone at United Markets. We've had several successful product demos, with two more scheduled for **Friday and Saturday, December 13 and 14, from 11 to 2pm. We will be at the San Rafael location on Friday and San Anselmo on Saturday.** What we also appreciate about United is that they sell both our retail and deli-counter products, allowing us to reach our customers in several different methods. What we appreciate about United is their continuous desire to include us in community events, such as the San Anselmo Country Fair Day, giving us the opportunity to directly connect with our patrons and establish new relationships.
