

# WHERE DO YOUR NICKELS GO?

Marin Coalition presents monthly programs on a wide variety of public affairs topics. These programs are currently presented free to the public via Zoom. Our events seek to create "conversations that matter." We hope to afford the local community an opportunity to connect with leaders and decision makers on a host of issues, including local elections, the news media, transit, the environment, Covid-19, social equality, and more.

## JOIN OUR FREE PROGRAMS!

Recent speakers include: Rep. Jared Huffman, Ron Devincenzi (Publisher, Marin IJ), Noah Griffin, Dr. Matt Willis, Dick Spotswood and Greg Brockbank, Bruce Goins and Mark Brown (MVPA) and others.

Our Board of Directors is all-volunteer and we depend on community support and donations for our operations. We greatly appreciate the support United Markets provides through the Nickel Jar program and welcome all Marin residents to attend our events and join the conversation.
