# SF-MARIN FOOD BANK

## OUR MISSION

Our mission is to end hunger in San Francisco and Marin. We envision a community where everyone is able to obtain enough nutritious food — in a dignified manner — to support the health and well-being of themselves and their families.

## SERVICES & ADVOCACY

Through our services, our efforts focus on the immediate distribution of food while simultaneously working on long-term strategies to address hunger and empower neighbors in need.

Our work is beyond food distribution, which is why we also advocate at the local, state, and national levels for policy reform and program improvements to assist people at risk of hunger. It takes a community!

## OUR HISTORY

Since 1987, we've pioneered many successful models aimed at ending hunger. Together, we're moving truckloads of fresh, healthy food into our community. We continue to innovate and introduce new ways to support neighbors facing hunger.

Let's end hunger together! Your dollar goes far when you support the Food Bank. For every \$1 donated we can provide 2 healthy meals!
