

WHERE DO YOUR NICKELS GO?

Vivalon

RIDES MEALS CLASSES CARE ADVICE

Vivalon is the largest nonprofit serving older adults and people with disabilities in Marin County!

Vivalon is proud to be a place where seniors, their families, and vulnerable members of the Marin community can count on receiving the day-to-day and ongoing support they need. Much of their funding comes from private donations, and many of our services are provided by volunteers. Each meal delivered, ride provided, and connection created for our hungry or isolated neighbors begins with you. Your support bridges the gap between vulnerable groups and the life-sustaining resources they rely on. Help protect the independence and wellbeing of older adults, people with disabilities, and other community members in need!

For 70 years, Vivalon has served as the central resource hub for Marin County's older adults and people with disabilities. Vivalon has helped this valuable population stay active, informed, supported, and nourished, while also meeting their crucial transportation needs. They believe that beyond their services of rides, meals, classes, care and advice, there is something more vital at work: the sheer power of human connection. Their goal is always to help the individuals we serve thrive through that power of connection, to live a more vibrant, healthier, and happier life.

THANK YOU FOR YOUR CONTINUED SUPPORT!
