

LOCAL VENDOR SPOTLIGHT

Wholesome bakery

United Markets is proud to announce that Wholesome Bakery's delicious and sustainable baked goods are now available in our stores! Founded 15 years ago by Chef Mandy Harper in her apartment kitchen, Wholesome Bakery was inspired by Mandy's upbringing with a Native American mother who prioritized nourishing, natural ingredients. Mandy's passion for creating treats that are both delicious and good for you has grown into a mission-driven bakery that champions health, community, and the planet.

Wholesome Bakery is dedicated to crafting baked goods that are as ethical as they are tasty. They carefully select ingredients for their quality and positive environmental impact, setting a new standard in the baked goods industry.

Their mission extends beyond the kitchen, with a pledge to give back through 1% for the planet, supporting organizations like Farming Hope, Greener Pastures Farm Sanctuary, and Tewa Women United.

Wholesome Bakery is redefining what it means to enjoy baked goods, and we are carrying their amazing Almond Teacakes, Fudge Brownies, Kitchen Sink and Chocolate Chip Cookies! Stop by United Markets today to experience the perfect blend of indulgence and sustainability.
