

WHERE DO YOUR NICKELS GO?

Marin Trail Stewards is a local non-profit on a mission to protect and expand mountain bike trail access throughout Marin County. They currently steward more than 20 miles of trail on both public and private lands-and they're always advocating for more.

Through their women's initiative, group rides, and signature events like the Marinduro, Ales & Trails, Biketoberfest, and members-only appreciation parties, Marin Trail Stewards builds a strong and connected community of riders. Trail maintenance is powered by their incredible volunteers, who give their time and energy to keep Marin's singletrack in top shape.

Their mission is simple yet powerful: to advocate for trail access, champion world-class singletrack, and engage the community to create better mountain biking in Marin. Their vision is a future where Marin offers sustainable, professionally built trails; where riders and other trail users can share the outdoors without conflict; and where mountain bikers can thrive in a supportive, welcoming community.

At the heart of it all is a belief that bikes are one of the best ways to experience Marin's breath taking public lands-and that sharing the trails with other user groups isn't just possible, but beneficial for everyone.

Whether you give your time or your support, Marin Trail Stewards rely on the mountain bike community to help them continue their work. Together, they're making Marin a better place to ride.
