MARK'S™

**MADE WITH REAL AND
SIMPLE INGREDIENTS
SEED OIL FREE**

At United Markets, we love supporting local makers who care as much about quality and community as we do. That's exactly what you'll find in every bag of Mark's Snacks! Founded by Mark Samuel, this brand was built on a simple belief: snacks should be made with real ingredients you can trust. Mark's Snacks are crafted with 100% avocado oil and never include seed oils or unnecessary additives, just clean, honest crunch in every bite.

For Mark, this isn't just about chips, it's about values. As a proud father, coach, and advocate for faith, fitness, and family, he created Mark's Snacks for people who work hard and want better fuel for their days. His mission is simple: make it easy to enjoy something that tastes amazing without compromising your health.

So next time you're in United Markets, grab a bag of Mark's Snacks and taste the difference that integrity and avocado oil make. They're the perfect choice for anyone who believes that good food starts with good values.
