

LOCAL VENDOR SPOTLIGHT

HUMBOLDT DISTILLERY THE SPIRIT OF CALIFORNIA™

Produced and bottled in Fortuna by owners Courtney and Abe Stevens, Humboldt Distillery is dedicated to capturing the true spirit of California. Surrounded by undeveloped coastline and old-growth redwood forests, the team puts sustainability at the center of everything they do, prioritizing certified organic ingredients and responsible production methods that help protect California's coast and waterways for generations to come.

Humboldt Organic Vodka is distilled from organic American sugarcane for an exceptionally clean, crisp palate. Smooth enough to sip and ideal for cocktails, it features tasting notes of vanilla and citrus with a subtle hint of butterscotch. Recognizable by the iconic crab on the label, it has been California's best-selling organic vodka for several years.

Ready to taste the difference? Pick up a bottle of Humboldt Organic Vodka at United Markets and discover why this California-made favorite belongs in your home bar.
