MUFFIN REVOLUTION Our muffins rock!

Every time Muffin Revolution co-founders, Christy and Marirose, step into United Markets, they feel like they're going home. From friendly conversations with the knowledgeable employees to chats about their product with customers, it never feels like work when they're at United Markets! And they love how United Markets cares as much about them as they do about their product! In a world that is becoming ever less personal, United Markets' personal and meaningful interactions with small vendors makes a world of difference!

Muffin Revolution was born in a rock-climbing gym. Christy Kovacs and Marirose Piciucco, who met in a holistic culinary school in Berkeley, were literally on a climbing wall when they came up with their idea for a revolutionary muffin. Wanting to create a delicious muffin filled only with natural goodness, they began to experiment in Marirose's home kitchen in Berkeley. The climbing gym was their first account! Muffin Revolution now has many more accounts and operates out of a facility on the Richmond Marina Bay.

Muffin Revolution's muffins are almond-based and sweetened with dates. They are filled with fruits, vegetables, nuts and seeds and contain no refined sugar or flour. Certified Gluten Free and Non-GMO Project verified, United Markets sells three flavors – Banana Bam Bam (banana-blueberry), Yam Good (sweet potato- pecan) and 24 Carrot Gold (vegan carrot-raisin). Find them in the freezer!

Outside of Muffin Revolution, Marirose and Christy are busy with their other passions. Christy is an artist and has shown her work in local Bay Area galleries. Marirose, a lawyer, founded The Ring Project, a nonprofit that uses donated engagement rings after divorce to fund scholarships for women to attend law school and medical school in the Democratic Republic of Congo.
